**More than 700 satisfied customers** in the international market and

**More than 25 000 containers** handled in 2017

## What makes us different?

### **Customs clearance in Poland even in 10 minutes**

We have the status of Authorized Economic Operator, AEO (Full), which allows the use of a simplified customs procedure, giving the possibility of a faster clearance of goods.

### **Customs clearance without VAT charges for imports**

Using the simplified procedure of customs clearance, we use a form of non-cash accounting for VAT on imported goods.

### **A global range of freight services**

We are a freight forwarder nominated on behalf of the FIATA, GLA and LOGNET to handle cargo in the ports of Gdansk, Gdynia and Warsaw. Membership in freight forwarders associations provides us access to a network of agents around the world.

### **Russian-speaking dedicated Eastern Division**

We provide comprehensive services for customs and freight forwarding of FCL and LCL in terms of import and export to clients from Ukraine, Russia, Belarus and Kazakhstan.

### **Rail transport from China**

As an alternative to sea transport of FCL and LCL freight from China to Poland, we organize rail transport, thereby significantly reducing Transit Time.

### **Handling of dangerous goods (fireworks)**

For years we have been cooperating with the biggest Polish importers of fireworks in terms of the transport and customs clearance of goods.
